

GRACIE'S SUPER HERO CAPE AND MASK

PATTERNPARROT.CO.UK

COPYRIGHT

This pattern is being offered out freely for personal use for crafters to accessorize their own animal creations. If you choose to sell your handmade items, as with my other patterns, please can you acknowledge Angela Waller at Pattern Parrot and attach a link to patternparrot.co.uk with finished items.

If you are planning to sell more than 15 pieces a year, please contact me for notification, my email address is angela@patternparrot.co.uk.

Thank you for your understanding and consideration.

SUPERVISION

PATTERN PARROT designs patterns and accessories for handmade felt animals which are **NOT** safety tested. Although safety joints and eyes are used in their making you are advised that it is **NOT A TOY**. Of course your creations can be enjoyed by children but it is suggested this is done through supervised play and its highly recommended that you perform regular checks to avoid potential hazards.

CAPE: MATERIALS NEEDED

To make her cape you will need:

Yellow poly cotton fabric
Pink poly cotton fabric
Light blue felt
Yellow felt
Sparkly embroidery thread

TO MAKE GRACIE'S CAPE

You will need to cut out one circle piece from the blue felt and a lightening flash from the yellow felt.

Start by sewing a zig zag pattern along the length of the flash with sparkly thread.

Next place the lightening flash over the circle. When you are happy with the position pin the flash in place.

Use over stitch and coordinating thread to attach the flash in place.

Sew a line of stitching down the centre of the flash

With the flash now made you can cut out your pink and yellow cape shapes.

Lay your pink cape shape in front of you and place your flash centrally into position. Pin into place and using a sparkly thread sew around the shape with a decorative blanket stitch.

(If you wish you could use a spray fabric glue to attach the flash before stitching.)

Once the flash is attached place the yellow cape shape on top of the pink piece ensuring that the flash is in between the layers. Pin the layers together and then sew with approximately 5mm seam allowance around the two straight edges and long curved edge.

Trim the corners of your cape and turn your cape through the shorter neck opening. Give your cape a press with an iron to flatten the seams.

Edge your cape by running a line of stitching about 5mm around the straight and Long curved sides.

ADDING THE TIE

To make the tie you will need to fold and press the yellow strip in half along its length. Then after folding it back outwards fold each of the raw sides inwards towards the middle crease line as shown in the diagram.

Now fold it in half again and give it a final press with an iron. You now have a bias binding strip which can be used to make the neck tie.

Find the centre of the length of your binding strip and match it to the centre of the capes short curved edge. Sandwich the cape between the edges of the bias binding and pin in place.

Continue pinning along the length of the bias strip until you reach the ends. Here you will need to fold in the short end about 1cm before folding it in half. This is to neaten up the ends.

With your strip now pinned you can sew along the length of the strip to attach the pieces together.

Fold and iron along the length of the fabric strip then fold each side inwards to make a bias strip

MASK: MATERIALS NEEDED

To make her mask you will need:

Yellow felt
Pink felt
Colour match embroidery thread
Elastic

TO MAKE GRACIE'S MASK

You will need to cut out two mask shapes, one in pink the other in yellow and two small yellow lightening flashes

After cutting out your pieces your next step is to add the two small yellow flashes to the sides of the pink mask shape. Use over stitch and co coordinating thread.

Now the front of the mask has its flashes you can add the yellow back.

Place both of the layers together sandwiching the end of the elastic strap at the sides.

Now using blanket stitch sew around the outer edges of the mask. stopping to secure the ends of the elastic at the sides

Add the flashes to the mask front

Use blanket stitch to sew around the edges of the mask.

After sewing around the outer edges and securing the elastic at the sides you can move on to sewing around the eye holes.
